Thank you for visiting our booth at TITAS 2023

CCI would like to thank all our customers and associates for visiting our booth at TITAS 2023, held in Taipei, Taiwan. The number of visitors genuinely exceeded all our expectations. We consider our participation in the exhibition was a great success for CCI and gave us the opportunity to showcase our solutions which generated a great deal of interest. We also enjoyed your visit and the inspiring conversations.

Thank you to everybody involved in this exhibition, and we look forward to seeing you again in the near future. If you have any questions or feedback, please do not hesitate to contact us at: info@ccitk.com.

CCI receives a Taiwan SMEs Innovation Award

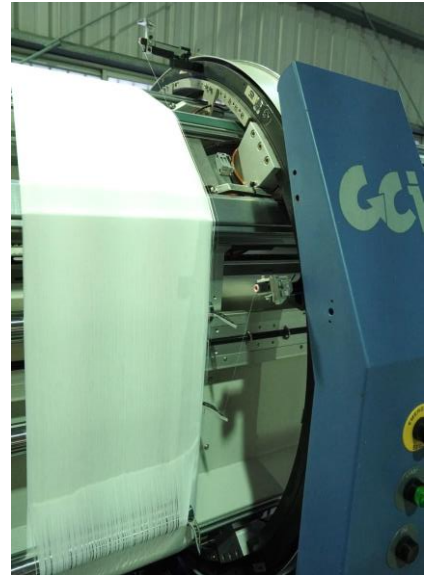

CCI is extremely honored to receive a Taiwan SMEs Innovation Award from Ministry of Economic Affairs this year. The award selects us as one of the SMEs (Small and Medium Enterprises) with outstanding performance in product innovation of Carbon Fibre Weaving Solution. It encourages us to continue staying ahead in our industry and providing the latest technology and innovation to our customers.

LUTAN equipped with a new Yarn Regulator Module

LUTAN, the single-end warping machine, is unique in its design that uses a Ring warping. To make the warp beams production more efficiently, the new Yarn Regulator Module has been developed and added on LUTAN. It helps alleviate the condition of sticking and breakage of yarn threads resulting from friction between them in the beaming process. Thus, the module can aid in better locating the position of winding yarn on the drum and greatly increase the warping length of yarn, especially for spun and sized yarn.

2024
Happy New Year

Happy Holidays 2024
