We Are Back to Techtexsil (Frankfurt) and ITM (Istanbul) This Year

With the pandemic slowing down globally this year, CCI returned to Techtexsil in Frankfurt and ITM in Istanbul in June. The feedback from visitors to CCI was fantastic. We were very happy to meet up with existing contacts and many new connections. Our next exhibition will be in Pakistan, IGATEX 2022, and we look forward to seeing you again during the show.

Remote services during pandemic

The pandemic has interrupted businesses all over the world. Since traveling on-site doesn't work, CCI has been offering remote coaching to deliver our installation, maintenance & repair and more technical support services. Our professional team can provide assistance right from office. In addition to remote service, there are also installation guide videos available. You have nothing to worry about because CCI's services are even more accessible to you.

A new machine is about to be released

Although the pandemic has interrupted businesses all over the world, CCI is continuing to develop innovative products & solutions for weaving applications. And we are happy to say that CCI is about to release a new machine with unparalleled designs! So stay tuned to see what's coming up soon!

Product video released

We have recently released two product videos for special applications of Evergreen II, **Evergreen II 900 for Terry** and **Evergreen II 500 for Carbon Fibre**. Watch it on **CCI Youtube channel** now and be sure to stay tuned by tapping **“Subscribe”** button!
